SPINNING WHEEL

Our introduction for 1935. I. D. bi-color, deep cardinal red, white tips reverse side white runs nearly entire length of petals. At Ohio Dahlia Society Show in Cleveland 1934, Spinning Wheel won first as best undisseminated dahlia in Informal Decorative class, in very keen competition. When fully developed the petals twist in such a manner as to give one the impression that the blooms are spinning: therefore the name Spinning Wheel. Good keeper when cut also one of the best we grow, to last on the bush in the garden. Very free from insects, strong stems, flowers face up and free bloomer. \$7.50 3.00 2.50 American Sweetheart, Yellow I. D......

MID WEST OUR 1936 INTRODUCTION

The incurved cactus that should win many firsts in 1936. A cactus that has more vigor and size than any we have ever grown. The color is very near to a deep rich lavender rose of one solid color; is a very prolific bloomer; many have from four to ten nice blooms on at one time, and will grow to eleven inches in width and good depth. In 1934 was entered three times and won three firsts and was awarded Special Bronze Medal. We have a very favorable report from where it was grown on western coast; showing it was equally as good there. Try a cactus that insects seldom bother. Price \$10.00 per root.
